REFLECTIVE INSULATION

Helps Deaden Sound
Increase energy savings
Non-toxic, no fiberglass - no itching
Excellent vapor barrier
Installs easily with razor knife and foil tape

Superior thermal performance
Flexible and durable
Improves insulation system performance
Insect/Bird resistant
Reflects up to 97% radiant energy

Green building is not just a trend, but the wave of the future as more and more homeowners and builders demand energy efficient homes and products. Insulation products are designed for maximum energy and cost efficiency. Reflective Insulation saves more money on heating and cooling than regular insulation and housewrap

One Layer of 1/8" barrier bubble film laminated between one layer of reflective metallized film and one layer of white polyethylene

FLAME SPREAD: 0 ASTM E84-08
FIRE RATING: CLASS A/CLASS 1
WATER VAPOR TRANSMISSION: .02 PERMS ASTM E96

SMOKE DEVELOPMENT: 20 ASTM E84-08
MOLD AND MILDEW: NO GROWTH
CONTACT TEMP RANGE: -60°F TO 180°F
